

REPOSSI

SIZE GUIDE

RINGS

This guide is to help you determine the ideal size of your Repossi ring.

Repossi's creations reflect Gaia Repossi's state of mind: a desire to constantly research and innovate while escaping established standards.

Each piece is imagined and designed in different proportions. The collections are composed of alternative aesthetics, creating size variations between rings models.

Step 1: Determine your size

We recommend you measure the size of your finger and not the size of your ring. The object used for measurement must fit perfectly for the size to be correct.

Finger sizes vary depending on the time of the day and temperature. We advise you to avoid measuring your fingers when they are too cold or wet as this may underestimate the size.

1. Wrap a ribbon around the base of your finger. To make wearing the ring comfortable, we suggest that you also measure your finger size at the joint.
2. Use a pen, mark the point where the ribbon crosses.
3. Measure the length in millimeters using a ruler. This measurement is your finger's circumference.
4. Choose the closest measurement from the table below to identify your ring size.

FINGER CIRCUMFERENCE IN MM	RING SIZE			
	EUROPE	UNITED STATE	UNITED KINGDOM	JAPAN
45	45	3 1/4	G	5
46	46	3 3/4	H	6
47	47	4	H 1/2	7
48	48	4 1/2	I 1/2	8
49	49	4 3/4	J 3/4	9
50	50	5 1/4	K	10
51	51	5 3/4	L	11
52	52	6	L 1/2	12
53	53	6 1/4	M 1/2	13
54	54	6 3/4	N 1/2	14
55	55	7 1/4	O 1/4	15
56	56	8 1/2	P	16
57	57	8	P 1/2	17
58	58	8 1/4	Q 1/2	18
59	59	8 3/4	R	19
60	60	9	S	20

Step 2: Determine the size to offer

If you wish to offer a ring as a gift, borrow a «wedding ring» model from your loved one and refer to the table below.

Please place the ring on the circles below. The black line must appear in its entirety.

If the ring is between two sizes, we recommend you choose the larger one.

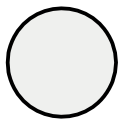

Before printing this guide, please follow these instructions:

For best results, you must check in the print settings that the «scale paper» option is set to «no».

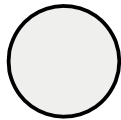

The Repossi ring sizer should be printed on a full A4 sheet. To check that the paper has been printed correctly, measure the sample below with a ruler. It must measure exactly 2 cm.

SIZE GUIDE

RINGS

Step 3: Choose your size

You have now determined your size or the recipient's size ring. As previously stated, the sizes of the Reposi rings may vary depending on the model.

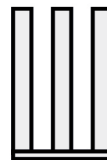

We therefore categorize our rings into two different types:

Small ring
(2,5 mm)

Medium ring
(11 mm)

Large ring
(12,5 mm)

- For «small» rings models, Reposi advises to take the size indicated in the table of sizes.
- For «medium» ring models, Reposi advises to take one size above the one indicated in the size table.
- For «large» ring models, Reposi advises to take two sizes above the one indicated in the size table.
